

BOOK REPORT QUARTER 1

Each quarter every 5th grader is required to complete a book report project on a chapter book of personal choice. The book should be read for homework nightly throughout the quarter. Please keep in mind that the book should be at your personal reading level. If you need help picking a book, or looking up the reading level, ask your teacher.

Once you submit the title of your book and the type of project you are going to complete for the assignment, your teacher will provide you with the important components for the type of project you chose.

You must discuss your book choice and project type with your parent prior to turning in your "Book Choice" notice.
